

# ***Google Impact Challenge in Australia - OFFICIAL RULES***

THIS CHALLENGE IS OPEN ONLY TO ORGANISATIONS BASED IN AUSTRALIA THAT MEET THE ELIGIBILITY CRITERIA DESCRIBED BELOW (“ORGANISATION”). ENTRY IN THIS CHALLENGE CONSTITUTES YOUR ACCEPTANCE OF THESE OFFICIAL RULES.

The **Google Impact Challenge in Australia** (the “Challenge”) is a challenge where participating Organisations submit grant applications and Marketing Materials (as defined below), including a description of their mission, specific project idea and implementation plan, and track record; and for selected Finalists (as defined below), an in-person presentation in front of a live audience (“Application”), for the chance of being awarded a monetary and/or in-kind grant as described below (“Award”). The grant Applications will be evaluated by the Reviewers and Judges (as defined below), who will choose the grant recipients in accordance with these Official Rules. The Awards will be granted to the Organisations whose Applications are evaluated as having the highest scores in the judging criteria (“Winners”). See below for the complete details.

**1. BINDING AGREEMENT:** In order to enter the Challenge, you must agree to these Official Rules (“Rules”) on behalf of your Organisation. Therefore, please read these Rules prior to entry to ensure you understand and agree. You agree that submission of an Application in the Challenge constitutes your and your Organisation’s agreement to these Rules. You may not submit an Application to the Challenge and your Organisation is not eligible to receive an Award described in these Rules unless you and your Organisation agree to these Rules. These Rules form a binding legal agreement between your Organisation and Google with respect to the Challenge.

**2. ELIGIBILITY:** To be eligible to enter the Challenge, an Organisation must:

- (a) be a charity currently registered with the Australian Charities and Not-for-profits Commission;
- (b) not be an entity under U.S. or Australian export controls or sanctions;
- (c) have access to the Internet in order to submit an Application and participate in other online aspects of the Challenge;
- (d) have a registered office in Australia;
- (e) not discriminate on any unlawful basis in either hiring/employment practices or in the administration of programmes and services;
- (f) not discriminate on the basis of sexual orientation or gender identity in hiring/employment practices;
- (g) agree that if it receives an Award, the Award will be used for programs open to all persons regardless of religion and will not be used for religious instruction.

The Challenge is void where prohibited by law. Google (as defined below) reserves the right to verify eligibility and to adjudicate on any dispute at any time. These rules are binding on you, individually, and/or your Organisation. You warrant that you are acting within the scope of your employment, as an employee, officer or director of Organisation, and that such Organisation has full knowledge of your actions and has consented thereto, including the Organisation’s potential receipt of an Award. You further warrant that your actions do not violate your Organisation’s policies and procedures.

**3. CHALLENGE SPONSOR:** The Challenge is sponsored by the Google Foundation ("Google"), a US 501(c)(3) private foundation incorporated under the laws of the State of California in the United States whose principal place of business is at 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA.

Google will offer ten (10) grants in accordance with these Rules. In addition, the Australian Department of Foreign Affairs and Trade ("DFAT") will offer up to four (4) additional grants in accordance with these Rules.

**4. APPLICATION PERIOD:** The application period begins at 8:00 a.m. AEST on 8 June 2016 and ends at 11.59 p.m. AEST on 13 July 2016 ("Application Period").

**5. HOW TO ENTER:** To enter the Challenge, visit the Challenge website located at [g.co/australiachallenge](http://g.co/australiachallenge) ("Challenge Site") during the Application Period and follow the instructions for submitting an Application that includes information about your Organisation and your specific project idea and implementation plan. The Application must meet the "Application Requirements" described below.

**LIMIT OF ONE (1) APPLICATION PER ORGANISATION.** All Applications must be received during the Application Period. Applications are void if they are in whole or part illegible, incomplete, damaged, altered, counterfeit, obtained through fraud, or late. All Applications will be deemed made by the authorised account holder of the email address submitted at the time of entry, and the person submitting an Application may be required to show proof of being the authorised account holder for that email address. The "authorised account holder" is the natural person authorised by the Organisation to submit an Application and assigned to an email address by an Internet service provider, online service provider, or other Organisation responsible for assigning email address for the domain.

All Finalists (as defined below) and any DFAT Award Winner(s) will be required to submit marketing materials to Google, which may include video, photos, and/or additional Application information ("Marketing Materials"). In the event Google determines additional Marketing Materials are required, Google will pay for the creation of any such new Marketing Materials ("New Marketing Materials"). Any New Marketing Materials that consist of video or photos will be shot at Google Australia's office in Sydney or at Finalist's office, or other locations to be mutually determined by Google and Finalist, during the period between 29 August 2016 and 4 October 2016. If the New Marketing Materials are shot at Google Australia's office, Google will pay for the travel related expenses for a representative of each Finalist to travel to Sydney, if they are not based in Sydney (as described below). Any Finalist that does not submit Marketing Materials or does not work with Google to create New Marketing Materials will be disqualified from this Challenge, and the Judges (as defined below) will select the next highest scoring Application as a new Finalist. Marketing Materials and New Marketing Materials may be used on the Challenge site to allow the public to select one of the Winners, as described below.

**6. APPLICATION REQUIREMENTS:** The Application must meet the following Requirements ("Application Requirements"):

(a) it must not be derogatory, offensive, threatening, defamatory, disparaging, libelous or contain any content that is inappropriate, indecent, sexual, profane, tortuous, slanderous, discriminatory in any way, or that promotes hatred or harm against any group or person, or otherwise does not comply with the theme and spirit of the Challenge;

(b) it must not contain content, material or any element that is unlawful, or otherwise in violation of or contrary to all applicable federal, state, provincial or local laws and regulations in any state where the Application is created;

- (c) it must not contain any content, material or element that displays any third party advertising, slogan, logo, trademark or otherwise indicates a sponsorship or endorsement by a third party, commercial entity or that is not within the spirit of the Challenge, as determined by Google, in its sole discretion;
- (d) it must be an original, unpublished work that does not contain, incorporate or otherwise use any content, material or element that is owned by a third party or entity;
- (e) it cannot contain any content, element, or material that violates a third party's publicity, privacy or intellectual property rights;
- (f) it must be in English;
- (g) it must be submitted by an Organisation that meets the eligibility requirements provided in Section 2 above; and
- (h) it must indicate if the Organisation does not wish to be considered for a DFAT Award.

Google reserves the right, in its sole discretion, to disqualify any Organisation that does not meet the Eligibility Criteria, or which submits an Application that does not meet the Application Requirements.

**7. JUDGING:** Applications will be evaluated by a team of Google employees and external experts ("Reviewers"); the Finalists' (as defined below) Applications will be reviewed by a panel of internal and external experts (the "Judges"), and by the public. Each Application will be evaluated based on the following criteria ("Judging Criteria"):

**1. Impact.** How will the proposed project improve lives? How many people will be affected if successful and to what extent? Is the proposal rooted in research that identifies the size of the problem and how the proposed idea will help solve it?

**2. Technology / Innovation.** What is the core insight or innovation that differentiates this project from others, in philosophy or execution? What makes the proposed project unique? How does the proposal leverage technology in a new and creative way to tackle the issue it seeks to address?

**3. Scalability.** If successful, how easily can this project scale? Can this proposal serve as a model for other efforts?

**4. Feasibility.** Does the team have a well-developed, realistic plan to execute on the proposal? Have they identified the right partners for implementation?

There will be 2 rounds of judging. For the first round, Reviewers will evaluate each Application based on the Judging Criteria. The 10 Applications that receive the highest overall scores, and which pass the required due diligence, will be selected as the finalists ("Finalist(s)"). In the event of a tie, the Application that received the higher score from the Reviewers in the category of "Technology / Innovation" will be selected as one of the Finalist(s). In the event an Organisation is disqualified for any reason, the Application that received the next highest total score will be chosen as the Finalist, provided it passes the required legal due diligence.

In order to permit the Reviewers to select the Finalists, an Organisation may be required to attend interviews and submit additional information, including but not limited to the following:

- (a) Financial statements for each of the last 3 fiscal years, including income statement, balance sheet and cash flow statement
- (b) Relevant bank wire information;
- (c) Recent bank statements;

- (d) Full list of full legal names of senior leadership, trustees, and board members;
- (e) List of countries where Organisation has operations outside of Australia, if any;
- (f) Relevant information on any government affiliation or public funding; and
- (g) Further details or information on Organisation's project idea and implementation plan.

If an Organisation does not respond to the request for additional information within **2** business days from the first notification attempt, then such Organisation will be disqualified.

The Finalists will be selected and notified during the period of 14 July 2016 and 26 August 2016. All Finalists will be required to sign a grant agreement, as described below. If a Finalist does not respond to the notification attempt within **2** business days from the first notification attempt, or does not sign a grant agreement, then such Finalist will be disqualified and an alternate Finalist will be selected from among all eligible Applications received based on the judging criteria described herein. With respect to notification by telephone, such notification will be deemed given when the Finalist engages in a live conversation with Google or when a message is left on the Finalist's voicemail service or answering machine by the Google, whichever occurs first. All notification requirements, as well as other requirements within these Rules, will be strictly enforced.

For the second round, the Finalists will be required to pitch their idea to the Judges at a final event in person in Sydney (the "Final Event"). If a Finalist does not participate in the Final Event in person, it will be disqualified from the Challenge. The Judges will evaluate and attribute a score to each of the Finalists' Applications made up of scores based upon the Judging Criteria. A total of four (4) Organisations will be selected as winners ("GIC Winners"). The three (3) Applications that receive the highest overall scores from the Judges will be selected as GIC Winners. In the event of a tie, the Application that received the higher score from the Judges in the category of "Technology / Innovation" will be selected as one of the GIC Winners. One additional Application will be chosen as a GIC Winner by the public based on the public's vote. The public voting will take place between 4 October 2016 and 25 October 2016 via the Challenge Site and, at Google's discretion, may also be carried out offline. Determinations of the Judges and the public are final and binding. All GIC Winners will be required to sign a grant agreement, as described below.

**8. GIC AWARDS:** Each of the four GIC Winners will receive AU\$750,000 grant funding, and the opportunity to receive limited mentorship and support from Google Inc. and/or its subsidiaries, its affiliates or partners. The next six (6) Finalists who were not GIC Award Winners will each receive AU\$250,000 grant funding, and the opportunity to receive limited mentorship and support from Google Inc. and/or its subsidiaries, affiliates or partners ("**GIC Award(s)**").

**9. DFAT JUDGING AND AWARDS:** In addition to the GIC Awards, Applications that:

- (a) do not indicate that the Organisation does not wish to be considered for a DFAT Award; and
  - (b) are directed towards activities to be fulfilled outside of Australia ("Additional DFAT Award Criteria"),
- will be reviewed for eligibility for a DFAT Award.

Applications that meet the Additional DFAT Award Criteria will be reviewed by the Reviewers based on the Judging Criteria for shortlisting.

Up to (4) DFAT Award recipients will then be determined by a panel of judges appointed by DFAT ("DFAT Judges"), based on the Judging Criteria, and examining innovative ways to tackle tough developmental challenges, using technology to reduce poverty, enhance stability and promote prosperity in the Asia Pacific region.

The Application(s) that receive the highest overall score(s) from the DFAT Judges will be selected as DFAT Award Winner(s). In the event of a tie, the Application that received the higher score from the DFAT Judges in the category of "Technology / Innovation" will be selected as a DFAT Award Winner. Determinations of the DFAT Judges are final and binding.

Any DFAT Award Winner(s) will receive AU\$500,000 grant funding from DFAT, and the opportunity to receive limited mentorship and guidance from DFAT.

Organisations are eligible to win multiple awards (e.g. an Organisation may be selected as a Finalist and/or GIC Winner in addition being selected as a DFAT Award Winner).

DFAT Award Winner travel will be covered at DFAT's discretion and subject to travel cost limits determined by DFAT.

**11. GRANT AGREEMENTS:** All selections of Finalists are subject to a legal due diligence review of each Organisation, and the execution of a grant agreement between Google (and/or its donor processing agent, the Tides Foundation) and each Organisation, if applicable as determined by Google. If the Organisation (whether selected by the Reviewers, Judges or by the public) does not pass the legal due diligence review (as determined by Google and/or its donor processing agent the Tides Foundation, in their sole discretion), or if the Organisation does not sign a grant agreement, Google will select another Organisation as a Finalist, or in the case of a Winner, the Finalist with the next highest score from the Final Event as a Winner.

Once the travel schedule has been arranged, it cannot be altered and failure of a Finalist to follow such schedule will not obligate Google in any way to provide the Finalist with alternate arrangements. Google reserves the right to disqualify any Organisation from the Challenge if, in Google's sole discretion, it reasonably believes that the Organisation has attempted to undermine the legitimate operation of the Challenge by cheating, deception, or other unfair practices or annoys, abuses, threatens or harasses any other Organisations, Google, DFAT or the Judges.
