

# Google.org Impact Challenge

## Introduction

At Google, we want to support organisations across Europe that are working to counter hate and extremism in their communities as well as help young people thrive both offline and online. Selected organisations will receive funding from a €10M fund and customised support to help bring their ideas to life.

Since 2005, Google.org has invested in innovative organisations using technology to build a better world. For more information on this Challenge, please refer to our Frequently Asked Questions (FAQs). We look forward to reviewing your ideas.
